About the IEC

The International Electrotechnical Commission (IEC) is the leading global organization that prepares and publishes International Standards for all electrical, electronic and related technologies.

About IEC publications

The technical content of IEC publications is kept under constant review by the IEC. Please make sure that you have the latest edition, a corrigenda or an amendment might have been published.

Useful links:

IEC publications search - www.iec.ch/searchpub

The advanced search enables you to find IEC publications by a variety of criteria (reference number, text, technical committee,…).
It also gives information on projects, replaced and withdrawn publications.

IEC Just Published - webstore.iec.ch/justpublished

Stay up to date on all new IEC publications. Just Published details all new publications released. Available on-line and also once a month by email.
Electropedia - www.electropedia.org

The world's leading online dictionary of electronic and electrical terms containing more than 30 000 terms and definitions in English and French, with equivalent terms in additional languages. Also known as the International Electrotechnical Vocabulary (IEV) on-line.

Customer Service Centre - webstore.iec.ch/csc

Temperature of applied parts	Ambient calculation	ETF-3	2016 CTL Plenary Meeting

Question

Temperature measurement results are usually normalized to max. ambient operating temperature specified in the technical description, as illustrated in the following example:

Measured values:	Normalized values:
Ambient: 22°C	Ambient: 40°C
Applied part: 26°C	Applied part: 44°C (*above 41 °C*)

Question:
For applied parts, is normalizing to max ambient operation temperature necessary?

Decision

Yes
