COLLECTION OF CTL DECISIONS

Standard:	**Sub clause:**	**Sheet n. 330**
IEC 61010-1:1990 +A1:1992 + A2 :1995	1.1	**Page 1(1)**
Subject	**Key words:**	**Decision n. 23 taken at 37th meeting/2000**
Scope	Laser pointers	

Question:

Do laser pointers fall within the scope of IEC61010-1?

Decision:

Laser pointers when used for professional / industrial purposes as part of the equipment are covered by the scope, however it may not cover stand alone pointers which may be covered under consumer standards.

Explanatory Notes:

Concern were expressed in particular for children's (and others) safety who may be unaware of the hazards using / playing with Laser pointers as a toy, it is therefore proposed that the subject is discussed at the TC66/WG1 meeting with a view to exclude such type of lasers from the scope.
