<tr><td>Subject:
Aluminum oxide as Insulation</td><td>Key words:
- Electrical insulation,
- Reinforced insulation,
- Aluminum oxide,
(mixed combination of oxide + Aluminum)</td><td colspan="2">Approved at the 2011 CTL Plenary Meeting</td></tr>
<tr><td colspan="4">Question:
Can aluminium oxide be accepted as reinforced insulation in power supplies?

Decision:
Aluminium oxide cannot be accepted as reinforced insulation between primary and secondary parts of power supply.

Explanatory Notes:
Note 1 of sub cl. 2.1.1.1 of IEC 60950-1 mentioned oxide film as functional insulation only.</td></tr>
