COLLECTION OF CTL DECISIONS

Decision

Standard: IEC60950, 2nd and 3rd edition	**Sub clause:** 1.7.7	**Sheet n.** 383 **Page** 1 (1)
Subject: Marking of Wiring Terminals	**Key words:** -Marking -earth-symbol –Wiring Terminals	**Decision confirmed at CTL 38th meeting**

Question:

Is this requirement applicable to products provided with a mains inlet? If yes, is the symbol IEC 417 No. 5019, then, required at the location where the earthing conductor (coming from the inlet) is terminated?

Decision:

The symbol is not required in the above mentioned case

Explanatory notes:

It has been reported that some test houses require this symbol.
